MEMORANDUM FOR: Director of Logistics

SUBJECT: Sole Source Procurement Justification

25X1A

REFERENCE: DDR-227-63

25X1A 1. This memorandum provides justification for sole source procurement with [REDACTED] per verbal request of the Contracts Branch.

25X1A 2. [REDACTED] have been selected as sole source for the AND/OEL (Anti Advanced Evaluation Techniques) Course because of their present unique position of providing an interface between equipment manufacturing and studies in intelligence problems.

25X1A

3. The latter function is provided by a group of [REDACTED] engineers, intelligence oriented, and working on the current OEL contract. In this capacity, they study new Soviet signals for HEPC. This group also is in close contact with other engineers at [REDACTED] doing electronic countermeasures equipment development and manufacturing for the military (primarily U.S. Navy).

25X1A

25X1A 4. Thus, at [REDACTED] the people know (1) the intelligence picture of new Soviet emitters and the sophisticated analysis techniques required to study these signals; and (2) the design and development problems associated with building countermeasures equipment and new radars.

25X1A 5. [REDACTED] extension 7141, may be contacted for additional data required in connection with the negotiation of this contract.
